MEMORANGUUM FOR: Chairman, Foreign Language Committee

FROM:

Director of Central Intelligence

18-6

- 1. Thanks for your response to my request for concise information about what the committee is doing, how well it is doing, and how it might do better.
- I recently asked the DDA, I believe it was, for a report on what provisions have been made to round up on a surge basis people with unusual foreign language qualifications if they should be needed. This question was raised of Senator Schmitt of the PFIAB in connection with the proposed CIA reserve. I would like to know what arrangements there are or should be on a community basis to keep track or maintain a roster of people anywhere in the country who have special language qualifications which might be required in an emer sency or for other special purposes.
- 3. What kind of staff does the Foreign Language Committee have to get its work done?
